

## BOERS ARE AGGRESSIVE ROBERTS HELD IN CHECK

### Gen. Gatacre's Base in the Free State Threatened.

### GREAT BATTLE IS BEING FOUGHT TODAY AT WEPENER.

British Position at Elandslaagte is Being Heavily Bombarded  
Severe Shelling of Mafeking is in Progress—Ashanti Natives Will Take a Hand and are Concentrating at Kumasi—Transvaal Troops Surround Roberts and Threaten to Cut Off His Retreat South—Belief That the British Will Have to Stand a Siege at Bloemfontein.

London, April 10.—[Special Cablegram]—Advices received at the war office up to 4 p. m. indicate terrific fighting at Wepener, Elandslaagte and Sundays ridge.

Aliwal North, April 10.—[Special Cablegram]—A Boer Commando, two thousand strong is marching on Springfontein, Gatacre's base, in the Free State. The eighth division, commanded by Sir Leslie Ruddle is hastening to Springfontein and a battle is imminent.

Hot Fighting At Wepener.

Aliwal, North, April 10.—[Special Cablegram]—The fighting at Wepener

GENERAL GATACRE

was resumed early this morning. The British number twenty-five hundred but lack artillery. The column is made up largely of mounted troops unfitted for defensive fighting.

Boers Check the British  
Aliwal North, April 10.—[Special Cablegram]—An engagement was fought today between the Boers and British forces at Wepener. The casualties were heavy. The Boers, it is reported, checked the British. Quick firing guns played havoc on both sides. Another Boer command is advancing on Wepener from Dewetsdorp.

The Boats of Cannon  
Pietermaritzburg, April 10.—[Special Cablegram]—Heavy cannonading in the direction of Elandslaagte began this morning. The Boers have posted a big gun north of Elandslaagte and are reported to be strongly entrenched at Helpmakaar, northeast of there.

Bombardment of Mafeking.  
London, April 10.—[Special Cablegram]—A dispatch from Mafeking, dated March 27, tells of a severe bombardment begun that day, the most vigorous of the war. All British troops are standing at arms; everybody is convinced that this is the Boers' last attempt. A relief column is reported advancing from the South.

Ashanti Natives Uprising.  
Accra, Gold Coast, April 10.—[Special Cablegram]—One hundred hussars have left for Kumasi. This force is believed to be insufficient as the natives of the hinterland are concentrating near Kumasi. The Ashantis captured several native teachers and families. The uprising is spreading everywhere.

Move to Capture Wepener  
London, April 10, 3 a. m.—The most significant item of news from the front this morning is the announcement that the Boers in the south Free State are about to move through Basutoland against the British detachment at Wepener.

The garrison is practically isolated now, and is already faced by a Boer force of 2,000, with four guns, encamped only five miles away.

Vague Rumors Are Many  
Things seem to be moving about Bloemfontein, but the British continue in the dark as to what it all means. Ju-

lian Ralph cables the Daily Mail that the air is thick with rumors of large forces of Boers south of the capital, but declares there is no positive official information on the subject.

This and other mysterious hints drive the war experts to wonder now soon another regiment is to be taken in before the location of the Boer force is discovered.

Thirty-One Kaffirs Killed  
Pretoria, April 7.—[Special Cablegram]—It is reported that a band of armed Kaffirs sortied from Mafeking on the night of April 5, and got through the burghers lines. They were surrounded, their position stormed, and thirty-one Kaffirs killed.

George Arrives at St. Helena  
St. Helena, April 10.—[Special Cablegram]—The transport Niobe arrived with the Boer prisoners, Gen. Cronje and staff. All well.

GEN. ROBERTS FORCED TO WAIT  
Belief That He Will Remain in Bloemfontein Many Months.

London, April 10, 5 a. m.—Britons are now beginning to reluctantly realize that Lord Roberts is in for a winter campaign lasting several months. This is the end in a few words, of the high hopes based upon Lord Roberts' brilliant dash to Kimberley and Bloemfontein.

Preparations are being made to hold Bloemfontein against surprises. Lord Kitchener has been given an important duty being responsible for the protection of the railway while Lord Roberts is waiting for remounts and winter clothing for the troops, whose thin cotton khaki uniforms and boots are worn out.

General Brabant and General Gatacre are both at a standstill. Lord Roberts will probably for some time confine his operations to clearing the Free State behind him of raiders and to relieving Mafeking for which purpose apparently the eighth division, now arriving at Cape Town has been ordered to Kimberley.

BOER RAIDS IN FREE STATE.  
Operating Rapidly in South Part of the Republic.

Soudan, April 10.—A special from Maseru says the Boers who were massed last week near Ladybrand to the number of 10,000, after seizing Thaba N'Chu and the Modder River waterworks, broke up into strong divisions, and they are now raiding in the south of the Free State, re-occupying the small towns which were evacuated by the British. The Boers' policy seems to be to make rapid movements, with little transport, looting English farmers and storekeepers freely for provisions and cutting the communications of the British forces. General Brabant's colonials are now mostly at Wepener. They are a splendid force, capable of great striking power and are used to cross country riding, and are able to deal roughly with the Boer commandoes now roaming about the country. A squadron of Brabant's horse captured 400 rifles near Wepener. His outposts are reported to be in touch with the Boers and a fight is regarded as imminent. Persistent reports are being circulated that the Boers are preparing to flank the British position at Wepener and thus to secure entrance into Basutoland. Such an attempt will be resisted by the Basutoland government, which, it is believed, has made quiet preparations. Meanwhile the approach of the armies to Basutoland produces much excitement among the natives, necessitating the utmost vigilance on the part of the local officials.

Bradford at Ashland.  
Ashland, Wis., April 10.—Ira Bradford, of Augusta, who is seeking the Republican nomination for governor, arrived in Ashland today and will remain here until Wednesday to look over the political situation. Mr. Bradford received a cordial reception from Republi-

cans, but what assurances of support for his candidacy were given cannot be learned. Mr. Bradford is making an extensive tour of the state.

Milwaukee, Wis., April 10.—Colonel Joseph McBell, one of the best known insurance men in the state died last night. He suffered a stroke of paralysis at 7 o'clock and died in a few minutes. He had been a resident of this city for twenty years and a prominent member of the Loyal Legion.

Endorse Tanner's Candidacy.

Appleton, Wis., April 10.—The meeting of republicans held last night in the interest of the candidacy of Dr. H. B. Tanner for congress was well attended. Resolutions were adopted "our support as republicans for a home county candidate as nominee for congress in the Eighth congressional district and use all our best efforts to secure a delegation favorable to Dr. H. B. Tanner for the republican ticket."

### HE COULD TELL A LIE TO SAVE PAPA

Young Boy in New York Has an Idea That a Lie is Right Sometimes.

New York, April 10.—Lawrence Collins, 8 years old, was on the witness stand today in the trial of his father, Alvin O. Collins, who was the skipper of a canal boat on which Lawrence was born, and charged with having killed two men. Said Assistant District Attorney Schwarzkoft: "Tell me what you know about what happened on your papa's boat last February."

"Mamma told me," replied the boy, "that I should not say anything that might hurt papa."

"All I want you to tell me, Lawrence," said Mr. Schwarzkoft, "is the truth. You know that God will punish you if you don't tell the truth?"

"Only when I say something that don't hurt papa," replied Lawrence looking the prosecutor straight in the eyes.

"If I tell a lie to save papa I don't think God will punish me."

The boy then told his story which did not directly incriminate his father.

### TO CARRY MESSAGE TO PAUL KRUGER

New York Messenger Boy Going to Pretoria on a Remarkable Errand.

New York, April 10.—James Francis Smith, 16 years old, a messenger boy, No. 1,534, in the American District company, will start this afternoon for Pretoria. He goes to deliver a message of greeting and sympathy from the school-boys of Philadelphia, New York, Brooklyn and Boston.

Young Smith lives in Brooklyn, at 117 Congress street. He has never been on a long journey, but he accepted the order to go to Pretoria with the true nonchalance of a young American. He was sitting in the company's office in the Cable building on Broadway today when the superintendent went to him and said: "Jimmy, how would you like to go to Pretoria with a message to President Kruger?"

"Very much, sir," said Jimmy.

"Have you any fear of not being able to get there?"

"No, sir."

"Suppose you find that President Kruger is in St. Helena when you arrive in Pretoria: what will you do?"

"Take the message to him at St. Helena," said Jimmy.

"Do you know where St. Helena is?"

"Oh, yes. It's the place the English put Napoleon."

This was satisfactory and Jimmy was ordered to get ready for the long trip.

The message of greeting to President Kruger was signed by 22,000 pupils. On Wednesday the messenger will sail on the steamship St. Louis, and before the vessel reaches Southampton he will be taken off by a French tender and landed at Havre, France, in order to avoid English territory.

### TO OPEN ON SUNDAY

Paris Exposition Authorities Decline to Listen to the American Proposition

Paris, April 10.—The French authorities have decided that all exhibits at the exposition are to be open to the public on Sundays, and the United States exhibits are naturally within this regulation. These exhibits are under cover in buildings erected by the French government, over which the United States authorities have no control; therefore they must abide by the rules established.

Paris, April 10.—[Special Cablegram]—The American exhibits in the National pavilion will be covered, and the offices of the commissioners closed Sunday. The other American exhibits in the buildings erected by the French authorities will remain open. Mr. McKinley requested Commissioner Peck to have everything American closed so far as the French permit.

EDMOND M. DERMODY, Charles C. Gray and Michael D. McEligue are home from Hot Springs, Arkansas.

## BABCOCK DENIES HE IS AFTER PAYNE

### Does Not Want to be National Committeeman From Wisconsin.

### THE STORY IS ABSURD

He is a Candidate Only for Member of Congress From Third District.

### NEW CANDIDATES IN SIGHT

Milwaukee, April 10.—Representative Babcock in reply to an inquiry, denied today that there was any truth in the report that he is a candidate or will be a candidate for member of the Republican National committee from Wisconsin. "There is absolutely nothing in the story," said Mr. Babcock. "I am a candidate for only one office, and that is member of congress from the Third district of Wisconsin. I am chairman of the Republican Congressional committee and it seems to me that is quite enough in the line of political work for one campaign. There is nothing in the story and you may deny it in the strongest possible terms."

Republican Leaders Confer.  
Among other politicians who were at the Hotel Pfister last night were Adj. Gen. Charles R. Boardman, Ole Oleson, postmaster of Oshkosh, Seymour Hollis-

JOSEPH W. BABCOCK

ter of Oshkosh, Halford Erickson, state labor commissioner; W. J. Scott, superintendent of public property; Charles A. Coon, assistant game warden; Gil Vandercock, state timber agent; Gov. Scofield, Lieut. Gov. Jesse Stone, Fish and Game Warden J. T. Ellarson, Food and Dairy Commissioner H. C. Adams, Col. Dan B. Starke, State Veterinarian H. P. Clute of Marinette and Assemblyman A. W. McLeod of Washburn.

It is to be expected that at this conference of republican leaders some conclusion was arrived at which will have an important bearing upon the selection of a candidate for governor by the republican state convention. In addition to the candidates for governor who have been mentioned there are talked of as possibilities Senator A. L. Kreutzer of Wausau and Jesse Stone of Watertown.

Five candidates have been in the field some time, but there have been no special developments of late. These candidates are Duane Stebbins of Algoma, Senator J. M. Whitehead of Janesville, Ira B. Bradford of Augusta; "Long" Jones of Waukegan and Gen. Earl M. Rogers of Viroqua.

Scofield May Run Again.  
Another matter of considerable interest among republicans is the talk heard that Governor Scofield would be willing to be a candidate for a third term. It is said that Henry C. Payne and Charles F. Pfister have informed the governor that they are not unfriendly to his candidacy.

Another star has appeared in the gubernatorial sky. Ex-Congressman Samuel A. Cook of Neenah could be persuaded to accept a nomination. In a card printed in a local paper in his neighborhood Mr. Cook says: "I am not a candidate for governor and have not authorized my name to be used. Of course, if my friends should see fit to take the matter in their own hands I don't know what I should do, but as I said, I am not a candidate. I am kept busy attending to my own affairs."

Democrats Meet Tonight.

Considerable interest is shown in the meeting of the democratic state central committee to be held at the Plankinton hotel this evening. It will decide upon the date for holding the convention for the selection of delegates at large to the democratic national convention, and the date will probably be late in May or early in June.

For delegates at large mention is made, besides Mayor Rose, of W. H. Rogers, of Madison, and George B. Mc. Hilton, of Oshkosh. It is said that all of the delegates selected will be Bryan men.

Washington, April 10.—[Special Telegram]—The senate committee of privileges and elections today decided unanimously to recommend that the seat of Senator Clark of Montana be declared vacant.

The committee held a two hours session today before reaching this conclusion. It was not supposed the decision would be reached for several days. The meeting so far as ascertained was a most harmonious one, the democrats with Harris, populist, agreeing with the republicans that the Montana man should be kept out. The unanimous vote came as a surprise even to the committeemen themselves, as McComas was in some doubt.

## NO DELAY ON THE PORTO RICAN BILL

### Will be Rushed Through the House With All Possible Speed.

## NO LENGTHY DEBATE

### It is Likely to Pass and Go to the President Tomorrow Afternoon.

## ABSENTEES BEING CALLED IN

Washington, April 10.—[Special Telegram]—The Ways and Means committee by a strict party vote of 8 to 5 today decided to report the combined tariff and civil government. Porto Rican bill to the house with a recommendation of concurrence in all the senate amendments. The committee on rules will meet tomorrow to prepare a rule limiting the debate and it is expected the bill will be passed and sent to the President tomorrow afternoon.

### Majority Not More Than Nine

While every confidence is expressed by the republicans of their ability to pass the Porto Rican bill tomorrow, it is a very narrow margin upon which they are depending. Of the four democrats who voted with the republicans the last time for tariff, Meyer and Davey of Louisiana, have declared themselves in favor of the bill; Sibley will side with the republicans, but DeVries of California is uncertain, much pressure being exerted by his democratic colleagues to bring him into line. Unless unforeseen circumstances arise, therefore, to detain some republican absentee, the bill will be passed by the house by not more than nine majority.

### No Protracted Debate.

The Republican managers of the House have decided not to allow protracted debate upon the motion to concur in the Senate amendments to the Porto Rican tariff, a special rule will be framed which will bring the motion to a vote after several hours of debate.

Both sides are using their utmost endeavors to get every absentee to Washington. The opposition will make the first fight on the addition to the rule, but the Republicans, who are canvassing the situation, express great confidence in their ability to put through the programme agreed upon at the Republican caucus on Thursday by a larger majority than was secured for the original bill.

### Boer Sympathy Resolution.

Mr. Richardson (Tenn.) the floor leader of the minority, asked unanimous consent of the House for the consideration of the following resolution:

"Resolved, that this House views with deep interest the heroic struggle of the republics of South Africa to maintain their independence, and hereby tender them our most profound sympathy in their unequal but gallant struggle."

Mr. Payne, of New York, objected and the resolution was referred.

In a few days there won't be any buildings to mark the place where there used to be such a large business and employed so many men in the early days of Rock County. The old mill stands there idle with no water power to run it and the big house, that used to look so nice with all the flowers in front of it, is fast falling into decay. Several from Janesville are planning to be in Chicago on Tuesday, April 17, to witness the McGovern-White match at Tattersville's.

The Brooklyn wonder is not yet ready to tackle Erne, Gans and the other leading light weights. Tommy White is the undisputed champion heavy featherweight, or light lightweight. He has vanquished the best men in both divisions.

Manager Lou M. Houseman has now matched McGovern and White and Terry will make his debut out of his class at Tattersville's. In White he will meet about as clever a man as ever donned a glove, and the judgment of the students is that in White, Terry will find a man who will not allow him to add another "knockout" to his already long list.

There will be five other high class bouts on the card.

The First Was Given at the Congregational Church Last Evening.

At the Congregational church prayer meeting room last evening Rev. R. C. Denison gave the first of four illustrated talks to be given this week on the events of the last week of Christ's life. The subject last night was "Christ, the Kingly Man." The talk was illustrated with stereopticon views that were excellent. The evening proved a most instructive and enjoyable one. Tonight the scenes around the last supper will be represented. The service begins at 7:30 o'clock and will be held in the Sunday school room upstairs.

### Spring Fever

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated; sometimes there is dyspepsia, liver or kidney troubles. Life seems not worth living. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A private Revenue Stamp covers the neck of the bottle.

### John Wright Dean is Dead.

Pawtucket, R. I., April 10.—John Wright Dean, familiarly known as "The Quaker Evangelist," an old-time western printer, died here at the residence of John W. Little after a fortnight's illness of grip and pneumonia. He was conducting the revival meetings here with Lawrence B. Greenwood, another evangelist, when stricken, and his death has cast a gloom over the church-going community.

### Paderewski Refused to Play.

Sacramento, Cal., April 10.—Paderewski refused to play in Sacramento because only 122 seats were sold, and of these seventy-two were purchased by people from outside towns. When he decided not to play Manager Flicks of the opera house would not release his piano until the rent, \$250, was paid. Later Paderewski's manager settled the bills and the instrument was removed.

### Joseph Crowley's Illness.

Washington, April 10.—Congressman Joseph R. Crowley of Robinson, Ill., nineteenth district, is dangerously ill of pneumonia at his home in this city. His wife and children are with him. Mrs. Crowley is prostrated from the weariness of long vigils at her husband's bedside and from nervousness.

### Anti-Cigarette Law Upheld.

Chicago, April 10.—Chicago's anti-cigarette law was vindicated by Justice Peckham of the United States Supreme court in a decision handed down, and hereafter the cigarette seller must pay a penalty license of \$100 per annum or go to jail. The case was that of Gundling vs. city of Chicago, in which the tax was attacked as unconstitutional. Having established the validity of its pet law, the Anti-Cigarette league is now going after the cigarette smoker with a sharp stick.

### (Second Lesson.)

How "Orangeine" Became Public. Early in 1895 Mr. William Gillette, the distinguished author-actor, in his necessitated search for health, came within the reach of Dr. Aikman's care. Mr. Gillette experienced such relief and cure from Dr. Aikman's prescription that for years he has carried "Orangeine" on his travels for the benefit of his company and friends. He became finally so impressed by its remedial results that in October, 1898, he related his experiences to an old school friend, Mr. Charles L. Bartlett, of Chicago. Mr. Bartlett submitted the formula to his trusted family physician, Dr. C. F. Ely, who pronounced it "wonderfully useful, through its far-reaching efficacy and absolute harmlessness." Other prominent physicians gave the same verdict, and early in January, 1899, "Orangeine" was publicly launched under the full sail of its manifold claims, which originated from the oft-repeated experience of Dr. Aikman. (See Lesson No. 3.)

## NAVAL AUTHORITIES VEXED.

Delay in Completing Cruiser Albany Has Been Exasperating.

Washington, April 10.—The naval authorities are exasperated over the delay in completing the cruiser Albany at the Armstrong works, at Elswick, where her officers and crew have been for the last two weeks. The principal trouble has been due to the steam heating, which is something practically unknown to foreign warship builders, but which was made part of the contract for the Albany. Letters received from officers of the ship tell of the sufferings of the crew during a fortnight of British weather, when on the clearest day it was possible to see almost the length of the ship. The rest of the time it was raining, and it was always chilling to the bone. All the time an insufficient force of yard workmen were hammering away in all parts of the vessel. The works employ 30,000 men, but the labor union regulations are so far-fetched that more work, it is said, could be accomplished in an American establishment with 10,000 men. The final delivery of the ship has been promised for April 10, and after going to coal at Southampton, the Albany was to start across the ocean in the hope of reaching New York April 27.

## TO INCREASE THEIR EXPORTS.

Japanese Seek Foothold in Chinese Province of Fookien.

Tacoma, Wash., April 10.—The steamship Monmouthshire, brings news that the commercialists of Japan are agitating the question of Japan obtaining a foothold in Fookien province, in southern China, opposite Formosa. The Japan Export society, founded by Count Inouye, has appointed a committee of influential men to investigate the best methods of increasing exports and decreasing imports. The same society sent one of its members to Fookien, which province he reports rich in silver, iron, lead and coal. He recommends that mining concessions be first secured, to be followed by railroad concessions between Fookien and Klu-kung, 650 miles. The port of Tswan-chiu, he says, should be opened to facilitate trade with Formosa. By order of the empress dowager two of the most prominent Chinese reformers have been seized and probably executed. They are Weng Tung Ho, former tutor to the emperor, and Shen Peng, who last winter memorialized the empress to execute Jung Lu and Kang Yi for treason.

## IS AGUINALDO IN MANILA?

Elusive Leader Believed to Be Hiding in the Tagal Quarter.

Washington, April 11.—In the mail from Manila which has just arrived at the war department, there were at least two communications expressing conviction that Aguinaldo is hiding in that city. One of those letters is from a United States secret service official who had found conclusive evidence that the Tagal leader had been in Manila since the rebel armies in Luzon were dispersed, and who was satisfied that as he had not escaped by water he was probably still concealed in the native part of the town. The other letter was from an army officer attached to headquarters, who voiced the opinion of all the higher military authorities that Aguinaldo was certainly not in any of the outlying districts on the island of Luzon, for American troops had too thoroughly overrun the entire country for the rebel chief to escape detection, especially as in every province there were enough enemies of Aguinaldo to have betrayed him to the soldiers had his presence made it possible.

## Elopes with the Coachman.

Appleton, Wis., April 10.—Marie Aaltz, daughter of the late Prof. Aaltz, teacher of languages in the University of Amsterdam, who died recently, leaving her a comfortable fortune in her own right, has eloped to America with Adrian Schoenmacker, her brother's coachman. They arrived in New York last Monday and were married by a justice of the peace in Hoboken. After a day or two in New York they came to Appleton, arriving here Saturday, and will make their home for the present in the family of Cornelius Mayer, a prosperous farmer living just outside the city limits, whose wife is a cousin of Schoenmacker. The bride is well supplied with ready money and has a large income from her property in Holland.

## Found Child After Twenty-Three Years.

Hamilton, Ohio, April 10.—Twenty-three years ago Charles E. Giffing and his wife separated at Chillicothe, Ohio, and she, hearing he was dead, married Daniel Logan. Giffing's child was placed in the county infirmary at Hillsboro, Ohio, and thence was taken to the home for the feeble-minded at Columbus in 1885. Giffing hired a detective, who claimed that he traced Logan to Kansas City, Mo., Melbourne, Australia, England, Africa and back to the United States. This cost Giffing \$9,000, and he then took up the search himself, only to find three weeks ago that Logan had moved to Highland county, Ohio. Giffing at once established his identity at Columbus, secured the girl and has brought her to Hamilton.

## Fire Throws Men Out of Work.

New York, April 10.—A fire in Green Point threw 1,500 men out of employment and destroyed several factories. The damage is estimated at from \$500,000 to \$600,000. The factories destroyed were: Edward C. Smith, box manufacturer; North Carolina Pine Lumber company; A. J. & J. J. McCollum, coal dealers; George W. Dyer, wood and paint works, and

"Just see, father, how this stocking is ruined, and I've only worn it once. I thought it was because Jane had rubbed it too hard, but mother says it's all the fault of the soap that Jane used. And she wants you to be sure and order a box of Ivory Soap to-day."

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory," they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

## Oshkosh Knows Mrs. Fecker.

Oshkosh, Wis., April 10.—Mrs. Charles Conrad Fecker, who is making a fight in New York city to secure possession of a 5-year-old boy who will arrive from Europe Wednesday, is well known here. Her maiden name was Rhoda Hall, and she was the daughter of Mr. and Mrs. Aaron Hall. She was born at Omro, ten miles from here, about thirty-five years ago. There were several other children in the family.

Hall died, and the family moved to this city. Later Mrs. Hall instituted a divorce suit in which she avowed a spiritualistic marriage with David Parkinson, a local capitalist, now dead. She said spirits had performed the marriage ceremony and she demanded a share of Mr. Parkinson's large estate. She failed to prove her claims to the satisfaction of the court that tried the case.

## University Youths Seined.

Ann Arbor, Mich., April 10.—Notwithstanding the fact that the faculty of the university has threatened expulsion for any form of vicious hazing, an epidemic of forcible hair-cutting prevails. J. H. Ferguson, freshman, co-master of the literary class, was seized by sophomores at the Chi Psi fraternity-house and his hair chopped off with pocket knives. A regular barber afterward shaved his head. A gang of freshmen later caught three sophomores, one at the Zeta Psi house and two at the Chi Psi house, and all were given free hair cuts.

## A GREAT TRUTH.

All organized living things, whether belonging to the animal or vegetable kingdom contain within themselves the germs of death and decay. Germs of disease are often generated within the human system through imperfect digestion of food, producing various poisons which scientists have denominated ptomaines. A stomach weakened by abuse, gorged with over eating or over burdened with hot bread, too rich or greasy foods or those too highly seasoned, becomes weakened and fails to thoroughly digest the food. A heavy, sodden mass is accumulated in the stomach to ferment as the first step in its decay, giving off foul gases to distend the stomach, and poison the blood, until it becomes thin, weak and lacking in the red corpuscles so necessary to perfect health.

The over distended stomach presses upon the heart, and the system is also disturbed through sympathy, the same system of nerves being distributed to both organs. Thus palpitation and irregular action of the heart with its attendant shortness of breath, result, and in time, disease of the heart itself is established.

The gases and other poisons generated from undigested, fermenting and decaying food in the stomach, belch the brain, causing headaches, and pain in the eyes.

Being absorbed into the blood these poisons reach every part and organ of the system. The kidneys are thereby poisoned, causing Bright's disease and diabetes. Filtering through the skin, troublesome skin diseases often show themselves.

Every organ and every nerve, depending as they do for their nourishment and renewal upon the stomach, weak digestion shows itself not alone in loss of appetite and flesh, but also in nervousness, debility, bad complexion and many other derangements.

Dr. Pierce's Golden Medical Discovery tones and regulates the stomach; stimulates the digestive juices; invigorates the torpid liver; promotes intestinal strength; clears bilious poisons and diseased germs out of the circulation; gives the blood-making glands keen assimilative power, and furnishes Nature with the fresh, abundant nutrition out of which she manufactures firm flesh, strong muscles, clear skin, healthy lung tissue and nerve-fiber, and gives sound, enduring, active energy to the whole system.

## Squatter Ousted by Court.

Duluth, Minn., April 10.—The supreme court at Washington decided in favor of the Minnesota Iron company in the case against Thomas W. Hyde, involving an iron location on the Vermillion iron range, which has been in litigation for fifteen years. During that time \$200,000 has been spent upon it, and Monday, as a mere undeveloped location, the property is worth \$1,000,000. Fourteen years ago Hyde was offered \$75,000 by the Minnesota Iron company to quit-claim his interest in the land and stop suit. He refused and today he is a poor man, although for many years he has regarded himself as a millionaire because of his interest in this property. He squatted on the land in 1884.

## THIS DAY IN HISTORY.

1793—Prince Eugene, famous soldier and associate of Marlborough, died; born 1665.

1795—Samuel C. F. Hahnemann, founder of homeopathy, born in Saxony; died in Paris 1843.

1806—General Horatio Gates died in New York city; born in England in 1725.

1852—John Howard Payne, author of "Home, Sweet Home," died in Tunis; born 1792. Payne was a typical Bohemian of the early part of this century. He never knew what it was to have a home after he was 13 years old, yet he produced the grandest home song ever written. He appeared on the American stage at 16 and later established himself in London, where he edited a theatrical journal, acted and managed, as well as wrote dramas. In one of these he introduced the song "Home, Sweet Home."

1858—Hon. Thomas H. Benton, 30 years senator from Missouri, died in Washington, aged 76.

1893—Mannuel Gonzalez, ex-president of the Mexican republic, died in the city of Mexico; born 1820.

1896—Colonel John A. Cochrane, the well known American journalist, died at Cairo, Egypt; born 1820.

1897—The Grand Duke of Mecklenburg-Schwerin, died at Cannes, France; born 1851.

1899—General H. W. Lawton's forces captured the Philippine stronghold at Santa Cruz. Sir Monier Monier Williams, professor of Sanskrit at the University of Oxford, died in London; born 1810.

## TWO PEANUT PATRIOTS.

The extremes to which the "little Americans" will go to carry a point, is shown by the following dispatch:

Havana, April 1.—Senators Butler, of North Carolina, and Pettigrew, of South Dakota, sailed for the United States today and will land at Miami, Fla. Before they left, a reporter of El Cubano had an interview with the two senators, which, if they are correctly quoted, shows that the purpose of their visit was to stir up trouble among the Cubans for the political ends of the democratic party during the coming presidential campaign in the United States. Without qualification, they declared that the McKinley administration was working to convert Cuba into an imperial colony of the United States and had no intention whatever of fulfilling the joint resolution of congress providing for independence. The Cuban afternoon newspapers, which have a limited circulation, print the report of the interviews. The statements, however, are as yet unknown to the great majority of Cubans, but it is certain that they will be followed by more or less unrest.

Since the arrival of Gov. Wood it has been apparent that the Cubans are slowly beginning to believe in the good faith of the United States. Each time the visit and utterances of Secretary of War Root and Senators Teller, Aldrich and Platt of Connecticut, had a marked and quieting effect. Despite this, the Cubans are apt to give more credence to the views of such men as Butler and Pettigrew than is deserved. Some of the hot-heads may overstep the bounds. If trouble occurs it can be attributed to the work of such patriots as Butler and Pettigrew.

The United States could well get along without the Pettigrews and Butlers. They are a disgrace to the flag that protects them, and should be cast into the darkness of political oblivion. Such men are not qualified to make laws for the American people. They are both too narrow and too shallow.

"Trade follows the flag." Press dispatches say that all along the docks and piers of New York City are to be found ample evidence of the great growth of our foreign business. Ships are loading there for ports in every quarter of the world, and so rapidly are the goods being delivered that the facilities for handling them are severely taxed.

No "pinch penny" tactics are tolerated at Detroit. It is now announced that although the city originally planned an exposition in honor of the 200th anniversary of its founding it has now decided to raise \$1,000,000 for a splendid marble colonnade 1,500 feet long, with a column 250 feet above the center of the Detroit river, and is to be brilliantly illuminated at night.

There is nothing "the matter with Kansas." During the past year only one bank in the state failed. Nearly all the banking institutions earned large dividends. Forty of them paid dividends of 27.9 per cent. and the general average of earnings was over 20 per cent.

The annual failure of the Georgia peach crop was a failure this year, the yield being unusually large.

Dogs are worth \$5 each at Dawson city. Janesville could spare a few at that figure.

## SERIOUS FIRE IN NEW YORK.

Starts in Box Factory and Does About \$250,000 Damage.

New York, April 10.—A fire broke out in a frame building at Ash and Oakland streets, Green Point, owned and occupied by Edward C. Smith as a box factory. Before it was got under control the fire spread to adjacent structures and caused a loss estimated at a quarter of a million dollars. The loss on the box factory is about \$100,000. The wood yard of George W. Piper, at Provost and Page streets, was destroyed, with small buildings containing machinery; loss, \$10,000. The other losses were as follows: Post & McCord, the Brooklyn Iron Works, \$50,000; Alexander Collum, coal yard, \$50,000; Church & Co., soda works, \$10,000; Brooklyn Oil works, \$25,000. Losses on various small buildings bring the total up to about \$250,000.

## ADMINISTRATION IS DEFENDED BY LODGE

BOLD AVOWAL OF REPUBLICAN COLONIAL POLICY.

Philippine Islands Must Remain Independent, Not Citizens of the United States—Party's Porto Rican Policy Stoutly Defended—Hosts of Democracy Challenged to Wage Battle.

Chicago, April 10.—Senator Henry Cabot Lodge of Massachusetts—administration defender and champion of expansion—made bold avowal of the party's colonial policy in the Auditorium banquet hall last night. Before 500 of the Hamilton club's Appomattox day dinner guests he challenged the hosts of democracy on the issues of the coming fight and in defiance proclaimed the ground on which republicans would wage the battle.

While the cheers of sympathetic hearers rang out he declared that the people of the Philippine islands must forever remain independent, not citizens of the United States, and that beyond that "negative pledge" the nation had no promise for the future and no apologies for the past.

Urging that the whole policy of the "open door" rested on America's ability to keep the Philippine group outside of its governmental system, he pleaded that the country's economic welfare, as well as the island natives' own interests, demanded their complete isolation as an integral part of the United States.

Wins Great Applause

His audience, wrought to applause at the open confession of party faith, cheered and cheered again at the confessor's optimism that the world problems the situation presented would be solved under republican direction "in the distinctively American way."

No less fervently did the Massachusetts senator espouse his party's Porto Rican tariff policy. And again he found responsive hearers, although the enthusiasm uncorrupted for Philippine expansion was markedly more warm.

The wall over the Porto Rico bill, the senator pleaded, had arisen because its best features had been "overlooked." The impost he provided for, he said, were to be taken from the rich sugar planter and the rich tobacco owners of the island, to find their way back to the pockets of the whole people.

Towne for Vice President

Minneapolis, Minn., April 10.—The Journal says: Ex-Congressman Charles A. Towne of Duluth, is a candidate for the democratic nomination for vice president. Judge Caldwell of the United States circuit court, has declined to permit the use of his name in that connection, and Towne's candidacy is predicted on the judge's declination. The demand for Towne's nomination is said to come from the gold democrats and republican anti-imperialists of New England.

Pattison for Vice President

Philadelphia, Pa., April 10.—Discussion among the party leaders has given an impetus to the Pattison boom, and now more serious attention is being given by Philadelphia democrats to the report from Chicago that former Governor Pattison of Pennsylvania, stands high in the councils of the party leaders as a candidate for the vice presidential nomination at Kansas City next July.

## Dangerous Drugs

Like Opium, Morphine, Chloral, etc., which Enslave and Destroy  
Are not Used in any Shape or Form in Compounding the Great Restorative.

## Dr. Miles' Nervine.

Dr. Miles' Nervine has been before the public a number of years and has earned an enviable reputation by its many wonderful cures of nervous diseases. It is perfectly harmless, as it contains no trace of opium, morphine, chloral, cocaine or other narcotics or poisonous drugs, and may be taken by most delicate people without fear of contracting the drug habit. Neither does it contain alcohol or other stimulating agents which build up false hope for a time and then let their victims down to lower depths of despondency. Dr. Miles' Nervine strengthens weak nerves, rests tired nerves, quiets irritated nerves and cures diseased nerves. It is a brain and nerve food as well as a medicine and induces

rest and sleep by soothing the weary brain and assisting the nerves to regain their lost vitality. You run no risk in giving this great restorative a trial, for all druggists are authorized to sell the first bottle on a positive guarantee that it benefits or money will be refunded. "I suffered for a number of years from spinal trouble and extreme nervousness, my sleep was broken night after night by those dreadful spells of restlessness, and it seemed impossible for me to get any relief at all except by the use of powerful drugs. My physician treated me but to no avail and at last I began taking Dr. Miles' Nervine. I got relief from the very start and in a few months I had made me feel like a different man in every way. I can cheerfully recommend it to anyone suffering as I did."

WM. MILLER, box 142, Dalton, Mass.

"Some time ago our daughter, Mrs. Eliza Beth Topping, was so badly afflicted with nervous prostration that she nearly lost her mind. She was unable to do any work and suffered so much that she got into the habit of using morphine to quiet her nerves. This condition lasted nearly three years, and she was almost a total wreck in body and mind when a lady told us about Dr. Miles' Nervine and we began giving it to her. A few bottles of this wonderful remedy cured her of the morphine habit, and removed the trouble which had been the cause of her suffering. Since then she has been a well woman."

MR. AND MRS. JOHN A. RICHESY,  
"The above statement regarding my wife is strictly correct in every detail."

## HAYES BROTHERS MAY GET CONTRACT

MANY CONTRACTORS DRIVE  
OVER SURVEYED ROUTE.

At Least the Citizens of Janesville Hope So—Prominent Railroad Men Left the City This Morning—Bids Will be in by Friday Noon of This Week.

At 7:30 o'clock this morning representatives of the following railroad grading contracting firms left Janesville for an overland trip over the new line of road to be built from Libertyville, Illinois, to Janesville, by the Chicago, Milwaukee & St. Paul railroad company: Hayes Bros. Janesville; McArthur Bros. Chicago; McIntosh Bros. Milwaukee; Winston Bros. Minneapolis; Grant, Linton & Co. Minneapolis; Fick & Johnson Construction Co. Davenport, Iowa.

In behalf of the railroad company L. G. Baker, division engineer of the Chicago, Milwaukee & St. Paul railway, and J. H. McNaught, his assistant, acted as escorts. The object of this overland trip is to give the contractors an idea of the work so that they may submit bids for the same, as bids must be in by Friday noon of this week, and the work completed by November 15, 1900.

The number of miles of road to be built is forty-eight. The work involved is about two million cubic yards of excavating, 600,000 feet of timber and about 35,000 feet of piles. At one point in McHenry county, Illinois, there is about 600,000 yards of fill, forty-five feet high. It will take three steam shovels working night and day eight months to complete the work.

## MANY WITNESSES FROM KOSHKONONG

Those For the Plaintiff Testified to the  
Damage That Resulted by the  
Lowering of the Water.

Many witnesses testified today in the circuit court of Rock county in the action of William Taylor and Mrs. Kate Bliven vs. the Indian Ford Water Power company. For the plaintiffs this morning John Sherman, Arthur Hoard, George Wesendonck and others testified.

The evidence was of about the same character and was to the bad condition of Lake Koshkonong when the water is being lowered by the defendants. They claim that the weeds, dead clams, fish and other substances result in a vile smell that is injurious to health. The lowering of the water also hinders navigation and injures the summer resorts that line the shores.

The greater portion of Lake Koshkonong residents object in strong terms to water being taken from the lake. The case is most likely to find its way to the state supreme court.

## BOYS STEAL BRASS HOTEL BAR FIXTURES

Sell Them to a Local Junk Dealer  
From Whom They Are Recovered  
By the Police

Brass legs utilized as supports for the foot rest that guards the front of the Grand Hotel Annex bar, were stolen by boys and sold to a local junk dealer for what they would bring in weight as old brass. The theft was reported to the police and without much trouble the officers traced the stolen property to the home of an east side junk dealer. The dealer was at first much surprised to learn that he was accused of having stolen property in his possession. After a hunt through the rubbish pile the stolen goods were recovered. The theft did not take place in the bar room. While clearing house the bar keeper placed the railing in the yard in the rear of the saloon so as to clean it. When he went to the bar room the theft took place. The police are aware of the guilty parties but arrests are not likely to be made.

## FATAL FIRE IN PERU, IND.

One Man and Forty-two Horses Perish in Burning Stable.

Peru, Ind., April 11.—Fire destroyed the livery barn of Ward Brothers & Co., together with all the contents, including forty-two horses, eighteen of which were owned by the firm and the others by private parties. Kelly Gregory, an employe, was burned to death. The two employes made desperate efforts to save Gregory, but finally were forced to leave him to his fate. Lazarus, a promising trotter with a record of 2:20, was among the horses burned. The loss amounts to over \$30,000, partly insured. The fire is supposed to have been of incendiary origin.

## NORTHWESTERN OFFICIALS HERE

Over the Attention the Milwaukee Road Is Paying to Janesville—Arrived Here This Morning.

This morning from the north, the following prominent officials of the Chicago & Northwestern railroad, arrived in Janesville in their private car:

It. H. Ashton, general superintendent.

S. T. Dyaman, assistant general freight agent.

T. A. Lawson, superintendent.

R. A. Cowan, superintendent of Madison division.

Dalton, assistant superintendent of the Madison division.

Local officials profess to know no reason why these prominent men should come to Janesville today; but one in a position to know, claims that the Northwestern company is just a little bit worried over the building of the new line into Janesville by the Chicago, Milwaukee & St. Paul company.

The Northwestern officials paid a visit to the Janesville Machine Works, which factory yards are at present exclusively entered by Northwestern tracks.

Out of Prison Into Worklock.

Jefferson City, Mo., April 10.—George Wilson, just pardoned from the penitentiary, has married Miss Maude Mallott. Through Miss Mallott's father Wilson was arrested two years ago, convicted and sentenced to the penitentiary for five years for enticing a girl under age away from her home. Miss Mallott, a woman not yet 18, appealed to Gov. Stephens, and finally got her father to sign the petition for clemency. Her efforts were rewarded at last and melted even the heart of her faithless lover.

## IDLE CIGARMAKERS FLOCK INTO TOWN

Forty Arrived in Janesville Last Week as the Result of a Statement Made by a Paper.

Many cigarmakers out of work have arrived in Janesville during the past few days. Last week forty of these men arrived here from different portions of the country expecting to find work. The cause of this sudden influx of idle cigarmakers is in the main attributed to an article that recently appeared in the Cigarmakers Journal to the effect that business in connection with the manufacture of cigars in Janesville was good. But few of the men who have appeared here have been able to secure work. The majority of these men were former residents of Chicago.

A prominent local cigarmaker in speaking of the situation said: "The greater portion of the cigarmakers who have been arriving here of late are not a desirable class of men. They are unreliable or they would have no trouble in securing work in the large cities where they claim to have come from."

Chief of Police Hogan said: "I believe there was fully forty of these idle cigarmakers in Janesville last week. The greater portion of them were ordered out of town. Some were intoxicated."

## MRS. WARD DENIES INSANITY CHARGE

TRIED BEFORE JURY IN JUDGE SALE'S COURT.

Brought to This City Yesterday by Deputy Fisher of the Town of Centor—Well Known Woman Says She is Not Insane and Knows What She is Talking About.

Mrs. Rosa Ward, of the town of Spring Valley, is on trial before a jury in the county court of Rock county today on the charge of being insane. Judge J. W. Sale presides. The case was called at 2 o'clock, this morning. Mrs. Ward denies the charge and was represented today by the local legal firm of Mahoney & Ryan.

Mrs. Ward was arrested and brought to this city yesterday by Deputy Fisher, of the town of Centor. Mrs. Ward was taken to the Park hotel. She is about fifty years of age and is the mother of four children. She has previously received treatment in an insane hospital. Last Friday Mrs. Ward, it is alleged, walked twenty-one miles to evade the officers.

## TRAGIC ENDING FOR MISS WILCOX

Janesville Girl Takes Ammonia At Broodhead Where She Was Working—Parents Summoned.

Miss Wilcox, a dining room girl at the Young house at Broodhead is in a very critical condition. From the effects of ammonia, administered by her own hand, it is supposed with suicidal intent. The young lady's parents, who reside in Janesville, have been notified and are now in Broodhead. Dr. Fleck says her recovery is doubtful. Miss Wilcox is about 22 years of age. No cause of her attempting a tragic ending is known.

Business Men in Theatricals.

The New York Herald of May 8th said: "It's strange what strides the stage has made during the last few years, not to speak of a century. Business men have now taken a hand in the pie, and find it a very profitable investment. Lawrence Barrett, during his grand struggle through numberless difficulties, was backed by some of the solid business men of Boston. Viola Allen, who has electrified this country and at the same time is the talk of the entire east in 'The Christian' was furnished the necessary funds by a large printing establishment in New York. And now a leading business man of Chicago has taken hold of the comedy 'A Wise Woman' and having engaged an extraordinary good company will appear in all the principal cities in a trip across the continent. Prior to their run in San Francisco they will take in some of the minor towns and thus make the journey to the coast with more ease. Theatrical managers, look sharp. The business men will crowd you out."

Local officials profess to know no reason why these prominent men should come to Janesville today; but one in a position to know, claims that the Northwestern company is just a little bit worried over the building of the new line into Janesville by the Chicago, Milwaukee & St. Paul company.

## TO SUPPORT THE INDIANS

Appropriation in the Bill Carried  
\$8,414,000.

## SPRINGER MAKES DEMURRER.

Section-School Amendment Falls to Pass the Senate. Vote 30 to 16—Victory for State of Indiana—Dull Day in the House.

Washington, April 10.—After further discussion the senate rejected the section-school amendment to the Indian appropriation bill offered by Mr. Jones (dem., Ark.), by a vote of 30 to 16. As has been the practice for two or three years, the free-homes measure was offered as an amendment to the bill, but it was ruled out on the point of order that it was general legislation and therefore not germane to an appropriation bill. Without division the bill was passed. The measure carries about \$8,414,000. An unsuccessful effort was made to agree upon a date for a vote upon the resolution relative to the seating of Mr. Quay as a senator from Pennsylvania. The effort will be renewed. During the last two hours of the session the Alaskan civil-code bill was under consideration. An amendment offered by Mr. Hansbrough concerning the title to mining claims in the Cape Nome district provoked a warm debate.

Monday was a dull day in the house. The agricultural appropriation bill was under consideration and was made the vehicle of considerable desultory debate on irrelevant political topics.

Representative Jefferson M. Levy introduced a resolution in the house asking for information from the secretary of war for a congressional investigation into the manner in which Gen. Otis and the military officers have been conducting the war in the Philippines. The scandals in the Philippines have been carefully suppressed by the officials here, but there have been so many reports from private sources that the investigation has been demanded, and it is the intention to bring the matter up when Gen. Otis arrives in Washington from Manila.

Justice White in the supreme court handed down the opinion of the court in the case of the Ohio Oil company vs. the state of Indiana. The case involved the validity of the state law prohibiting persons from boring wells to permit the escape of gas into the atmosphere as opposed to the general interests of the community. The oil company alleged that the enforcement of this law was a violation of the federal constitution. Justice White's opinion sustained that view. The justice said that the oil company had apparently proceeded under a misconception of the law.

## Federal Court Refuses to Interfere.

Springfield, Ill., April 10.—In the United States Circuit court Judge Allen, in the case of Phineas W. Hudson, New York city, against the tax collector of Douglas county, Illinois, refused to grant Hudson's petition to make permanent the temporary injunction granted by Judge Kohlsaat in the United States District court at Chicago, restraining the collector of Douglas county from attaching mortgages held by Hudson in Douglas county for non-payment of taxes on the same. Hudson holds mortgages in that county aggregating \$125,000, and refused to pay taxes on the same, holding he was a citizen of New York city, and paid his personal taxes in New York.

## Railroad Interests May Unite.

Pittsburg, Pa., April 10.—For the first time in the history of the Pennsylvania railroad a complete Baltimore & Ohio train will traverse the line between this city and Philadelphia. The train will carry President Cowen of the Baltimore & Ohio, and the party of officials who have been making an inspection tour of their lines. It is barely possible that the new departure is indicative of the much talked of unity of interests of the two great companies. President Cowen said that the trip is to be made through the courtesy of the Pennsylvania management.

## Miners in a Battle.

Washington, Ind., April 10.—About 700 coal miners from Pike, Dubois and Davis counties, who came here with the avowed intention of compelling the nonunion miners of this place to join the union, engaged in several rows during a mass meeting. Two negroes were badly beaten, and Frank Kocher, a nonunion man, only escaped rough treatment by the leaders' interference. The Cabel Coal company has appealed to Judge Houghton for protection.

## Banker H. H. Pitcher's Suicide.

Oakland, Cal., April 10.—Banker H. H. Pitcher, who had charge of the Livermore bank in the capacity of manager and cashier, blew his brains out at his Livermore home. Pitcher was a trustee of the estate of the late Thomas Varney, deceased, valued at \$600,000. His trust was being investigated in court. Pitcher was to produce his books in court and testify how he handled the bank and the trust. He did not leave any message.

**STRONG TESTIMONY**

This is Janesville Testimony and Will Stand Investigation.

If you doubt the following and wish to investigate, you haven't to go to some other State in the Union to prove it. It's not a long story published in Janesville newspapers about a resident in Kalamazoo, Mich., or Tampa, Fla. It's about a resident of Janesville and given in his own words. No stronger proof can be had.

Mr. E. T. Fish, of 355 Racine St., proprietor of the Fish Dry Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the sound, but as the pains existed when I happened to notice in our Janesville papers that Don's Kidney Pills were guaranteed to cure just such troubles, I procured a box of the Janesville Drug Co.'s store, and took them. Don's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

**FUNSTON ON THE RACK**

Serious Charge Brought Against Brigadier General.

**OBJECT OF MANILA INQUIRY**

The General is Accused of Ordering Two Filipinos Hanged Without Trial—Is in Danger of Court-Martial—Feeling Against Gen. Kobbe.

Manila, April 10.—The investigation of Brig.-Gen. Frederick Funston's execution of two Filipinos and the possibility of a court-martial resulting therefrom is an interesting topic of conversation in army circles here now. The story is that the Filipinos captured three Macabebes scouts who were crossing the country near San Isidro and were preparing to kill them when one of the Macabebes escaped and found Gen. Funston with a scouting party near. This man guided the Americans to the rescue of his companions, and when the troops approached the Filipinos fled, leaving the Macabebes. Several of the Filipinos were shot, and Gen. Funston captured two of them, took them to the village square and hanged them without trial as a warning to the Filipinos. The present method of warfare and instances of mutilation of prisoners, it is urged, have incensed the American soldiers to such a degree that they feel justified in making reprisals, which has been done on several occasions recently.

There is a strong feeling among the residents and friendly Filipinos that the Chinese general, Pana, who, as announced March 31, surrendered to Brig.-Gen. Kobbe after terrorizing the province of Panay, should be severely punished. It is pointed out that his career has been more that of a brigand than of a soldier, as he looted and extorted money by torture from wealthy natives and burned alive some of his followers who intended to desert him. It is believed Pana surrendered because he feared his own men, and that he expected to be paroled, like other officers, and enjoy the fruits of his brigandage.

**THE SITUATION IN MANILA.**

Fourteen Places Are Now Occupied by American Troops.

Washington, April 10.—The following report of recent developments in the Philippines was received at the war department from Gen. Otis: "Manila, April 9.—Gen. Bates just returned from the south after placing the Fortieth Infantry at Surigao, Cagayan, Iligan, Isamis, Dapitan, northern Mindanao, and attending to special matters intrusted to him in department Mindanao and Jolo, attended by two naval vessels and two gunboats. Troops occupied points without resistance. Two hundred and forty-one rifles and ninety-seven pieces of artillery surrendered. Eleven places in Mindanao and three in Jolo archipelago now occupied by troops without the firing of a shot. Affairs in that section quite satisfactory. OTIS."

A defense of the administration of affairs at Manila is contained in a report just made to the war department by Chaplain Charles C. Pierce. The chaplain declares that the figures as to the number of saloons have been perverted; that the American saloon took the place of an untold number of native gin shacks, which dispensed liquor poison with deplorable effect upon the American troops, and that the substitution of the regimental canteen has resulted in an improvement in sobriety of the troops.
